Student1: Tanuj Rakesh Dave
NetId: tdave6

Student2: Heet Shirishkumar Parikh
NetId: hparik5

Description of Tasks:

1. We collaborated on Discord where we were able to work on a single project at the same time.
2. Tanuj implemented the code for Server and client side communication part whereas Heet implemented the GUI features of the code.
3. We also tried to debug the networking part and the entire code together.
